Excerpt from H.R. Haldeman's Senate Select Committee
Testimony, at Daily Tr. 6071-72.

Mr. Haldeman:

As a matter of fact, the meeting with Mr. Mitchell that day [April 4, 1972] was in connection with a meeting of Mitchell and me with the President. My notes taken at the meeting with the President indicate the discussion covered the ITT-Kleindienst hearings and a review of Mitchell's plans for assigning regional campaign responsibilities to specific individuals. They indicate no discussion of intelligence.
